WHY HUNT WITH US

African Select Hunting Safaris focuses on quality not quantity. We do not mix different hunting groups. We also do not over hunt our concessions. We sell a personal hunt with attention to you as our main focus. We hunt selectively with the focus on older trophy animals past breeding age.

AVAILABLE PACKAGES

South Africa offers more than 40 hunt able species. That being said we can build any package to suit your specific hunting requirements. We build you a package and give you the best deal we possibly can. There are no hidden costs.
